VISIBLE VOICE BOOKS

Visible Voice Books was founded with a simple mission - to provide the kind of bookstore experience that can't be had at the big box stores. As time has passed and the big box bookstores have risen to prominence, the experience of encountering books has changed. It's hard to wander around chain bookstores and make discoveries, meet new authors, encounter unexplored topics. That's what Visible Voice Books is all about - discoveries.

Visible Voice Books, opened in February 2007, is an independent bookstore with a community feel. Located in the Tremont neighborhood of Cleveland, Ohio, we offer hand-selected new and used books in a variety of topics, with store specialties including fiction, modern poetry, Beat and counterculture writers, political and current event writing, art and music books. A uniquely comprehensive and cutting edge selection of magazines is available, along with cards and literary gifts. Out-of-print, rare and antiquarian book ordering is also offered.

Free meeting space is available in the upstairs room or outdoor patio. Meetings of all kind are welcome - book clubs, writers' workshops, community groups, revolution-planners. As long as it's non-violent, every group and all people are welcome here. We also host special events at the store, including author visits and signings, events in conjunction with the monthly Tremont Art Walk, and readings by local authors and open mic poetry evenings. It's all part of our commitment to serving as an integral part of the thriving, diversely eclectic Tremont community.

We believe that the experience of walking into our bookstore is one-of-a-kind. From favorite authors to authors you haven't yet read, our selection is full of authors we are proud and privileged to carry. And the best part of Visible Voice, what really sets us apart, is our commitment to serving you. We dig books as much as you do, and we can't wait to introduce you to a new author, or have you introduce us to one we haven't met. It's symbiotic, at Visible Voice. All we need is you.

"The only people for me are the mad ones, the ones who are mad to live, mad to talk, mad to be saved, desirous of everything at the same time, the ones who never yawn or say a commonplace thing, but burn, burn, burn like fabulous yellow roman candles exploding like spiders across the stars..."

- Jack Kerouac, *On The Road*, 1957
